The silver wing of the Republi can State Convention unanimously adopted the following platform: The convention enderses and adopts the platform of the Repub-Leas State Convention, held at Va city on the 30 of April last, as follows;

Resolved, That we condemn the Republican party of the Eastern states and the a ministration of President Harrison, insofar as they have failed to accomplish the complete remonetization of silver, and to esact laws providing for the free and unrestricted coinage of that metal.

Resolved. That the restoration of silver to the place it a supled previous to the passage of the Mint Act of 1873, is essential to the prosperity of the country and paramount to all other political considerations. The legislation which robbed silver of its money functions and denied to the owner of silver bullion the right to have the same coined into money upon the some terms and conditions which apply to the coinage of gold, reduced the money of ultimate redemption or payment, about onehalf, and enabled the owners of money and obligations payable in money to monopolize the coin of the commercial world.

Resolved, That the people or Nevada are in favor of the coinage of silver upon the same conditions which apply to the coirage of gold, and they are opposed to elevating any person to office who is not known to be unequivocally in favor of opening the Mints of the United States to the free and Diseases of Women and Child- unlimited coinage of silver.

In view of the unsatisfactory attitude of President Harrison to the paramount issue of the remonetization of silver, this convention will make no neminations for Presidential electors and the State Central Committee to be appointed by this Convention shall have no autherity to put in nomination elec-

The Convention cordially enderses the vigorous efforts of our Senators and Representatives to secure the free and unlimited coinage of silver, and the educational work that they have done in presenting the true issue between the money powers and the bondholders and laborers and producers of

wealth. And we favor the continuation of agitation and centention for the free and unamited comage of silver at the present ratio of 16 to 1, for their own benefit and for the mentit of the people at large miners, farmers, laborers and me chanics.

The citizens of Nevala, representatives of the various silver leagues, irrespective of past party affiliations, in convention assembl-300 NICE ROOMS. ed, do set forth the following declaration of principles:

Fist. We demand () full remon tization of silver and the frea and unlimited coinage thereof, at the present ratio of 16 to 1

Second. We are radically and unalterably opposed to the Nation a) Republican and Democratic parties on the question of the tree coinage of silver and we denounce the action of their recent mational conventiens as inimical to the material interests of the people of the United States, and especially to those of Nevada and all the other mining states and ter it ries, and we therefore repuliate the nominees of their corvention.

Third. We plodge the nominees of this convention for Presidential electors to support no man for President or Vice-Presiden of the United States who is not unequivocally in favor of free coitage as defined by this convention. We reseave to the silver leagues of Nevada, in Convention as embled, \$1 the right of directing said Presidential electors for whom to cast their votes, should contingencies require.
